

# Beebots & QR codes for Literacy in the Early Years

## Objective:

To integrate programming and reading in preschool. To differentiate according to reading levels (2 groups on 2 spaces).

## Material:

2 beebots

2 iPads (one per group) to scan the codes (students can take turn to scan the codes)

Chalk (to trace the Beebot routes) or tape. Make sure you measure and put a small mark every 15 cms.

## Setup:

	<b>GROUP 1 EASY</b>	<b>GROUP 2 DIFFICULT</b>
--	---------------------	--------------------------

0

Today, I am going to tell you about my day.

Today Beebot is going to organise his day.

1

I get up in the morning..

I get up in the morning. I wake up early in the morning.

2

I get ready for school.

Some of us come on the bus and some in the car.

3

Then I walk to my bus stop.

Some of us come on the bus and some in the car.

4

Then I unpack my bag.

I organise my things in class.

5

Then we choose the leader.

The leader organises the calendar and writes the date.
